MASTERCLASS IN TREATING CHRONIC INFLAMMATION WITH FUNCTIONAL MEDICINE

Diagnosis and management of connective tissue disorders, autoimmune conditions and mast cell activation syndrome in CFS, VBI, CIRS and paediatric patients

DR RICHARD SCHLOEFFEL (MBBS, FRACGP, FAMAS, DIP ACUP (CHINA), OAM)

Dr Richard Schloeffel is a registered general practitioner who is the Medical Director at The Grove Health Pymble. For the past 20 years Dr Schloeffel has focused on understanding and managing complex and chronic disorders, developing diagnostic and treatment protocols for disorders such as chronic fatigue syndrome (CFS) and autoimmune diseases. He graduated from the University of NSW in 1978 and his initial training was in intensive care medicine. Dr Schloeffel gained a fellowship with the Royal Australian College of General Practitioners in 1983 and was the founding member of The Australian Chronic Infectious and Inflammatory Disease Society (ACIIDS) in 2014. In 2017, he received an Order of Australia Medal (OAM) for his work in Chronic and Infectious Diseases and was awarded 'Most Outstanding Healthcare Professional' in Australia that same year.

DR SANDEEP GUPTA (MBBS, FACNEM, FRACGP)

Dr Sandeep Gupta is a registered general practitioner who runs an integrative medicine clinic on the Sunshine Coast. His main passion is finding the underlying causes and developing innovated approaches to managing chronic illness. Dr Gupta has received specialised training in integrative medicine and was awarded a Fellowship of the Australasian College of Nutritional and Environmental Medicine in 2008 and a Fellowship of the Australian College of General Practitioners in 2010. He has physician training certification in biotoxin illness and a Masters of Nutrition in diabetes and living food nutrition. He is on the Australian Integrative Medicine Association (AIMA) advocacy committee, and a founding member of the Australian Chronic Infectious and Inflammatory Disease Society (ACIIDS) and the International Society for Environmentally Acquired Illness (ISEAI).

DR ANTONY UNDERWOOD (MBBS, FRACP, DIP POST GRAD HEALTH LAW)

Dr Antony Underwood is a registered consultant physician, specialising in paediatrics. Post-graduation he worked and studied in England and Germany. His specialist interest areas are in autism spectrum and other developmental disorders. His focus is on the treatment of biomedical disorders and he has trained extensively with Dr William Walsh as well as other biomedical doctors. He has presented at the Australian College of Nutritional and Environmental Medicine (ACNEM) and lectured to doctors in the Philippines, New Zealand and India on the biomedical treatment of autism spectrum disorders. Dr Underwood has noted over the last two decades of clinical practice the increasing association of connective tissue disorders with chronic illnesses, including autism and chronic fatigue syndrome.

Spectrumceuticals' 2019 Annual Seminar is a two-day event focusing on chronic inflammation in complex conditions, such as chronic fatigue syndrome (CFS), vector-borne illnesses (VBI) and chronic inflammatory response syndrome (CIRS). Topics include connective tissue disorders, autoimmunity and mast cell activation syndrome. Practitioners will partake in a masterclass which is both informative and clinically relevant. This event is restricted to 80 delegates, in which practitioners can learn from expert speakers and participate in case studies and workshops with like-minded colleagues.

RACGP ACCREDITED

SEMINAR EXHIBITOR

NOVOTEL SYDNEY MANLY PACIFIC

\$790 Early Bird Special for all sessions both days. Early Bird 20% discount applies until 30 September, then the cost is \$990 (incl. GST)

Dr Richard Schloeffel

Connective Tissue Disorders in Chronic Illness

- Clinical presentations of connective tissue disorders with concomitant chronic fatigue syndrome and/or vector-borne illness.
- Implications of connective tissue disorders in chronic illness.
- Review of treatment strategies including nutrition and lifestyle approaches.
- Therapeutic solutions using case history examples.

Dr Sandeep Gupta

Mast Cell Activation Syndrome (MCAS)

- What is MCAS? Symptoms and how to recognise a MCAS patient.
- Possible precipitating factors for MCAS.
- Therapeutic treatment and ongoing management of patients with MCAS.

Autoimmune Conditions

- Overview of the various clinical presentations of autoimmunity.
- Diagnosis and management of specific autoimmune conditions.
- Therapeutic challenges through case history discussion.

Dr Antony Underwood

Connective Tissue Disorders (CTD)

- Overview of connective tissue disorders with paediatric insights.
- Paediatric presentations of CTD.
- Prevalence of CTD.
- Signs, symptoms and differential diagnosis of CTD.
- Ehlers-Danlos syndrome or hypermobility syndrome?
- Relationship between CTD and other associated conditions.

Conditions of registration

Regulatory requirements: This seminar is for medical practitioners only and, as a consequence, any material pertaining to this event that may be seen by the general public may not be advertised in print or electronic media without prior authorisation from Spectrumceuticals. No digital video taping or voice recording of the seminar is allowed. This seminar will not be broadcast.

Pricing and payment: A twenty (20) per cent 'Early Bird' discount is available up until 30 September 2019 or until the delegate capacity is filled. All prices are in AUD inclusive of GST.

In completing registration online or via this form, we require you to provide your name, professional qualifications, email address, telephone number and payment details. We endeavour to take due care with this information however, in providing us with such information, you accept that we are not liable for its misuse due to error in transmission or virus or malware. We undertake to accept or reject your registration within five (5) working days. If your registration is rejected the most likely reason will be that we have exceeded the event capacity, your payment facility failed, or you are not a qualified medical practitioner. If you do not pay for your registration within 14 days, we have the right to cancel your registration and re-allocate your place to another delegate.

Refund policy: We will refund registration payments up until twenty-eight (28) days prior to the event and an administration charge of \$25 will be deducted from the refund. To arrange a refund, contact our customer service team on 1300 852 775 and quote your invoice number. In the unlikely event of speakers being unavailable or minimum delegate numbers are not reached, we reserve the right to either cancel or reschedule the seminar. You will receive a full refund for the cost of the ticket, however we will not refund deposits or payments made to third parties not limited to travel and accommodation.

Exclusions: Hotel accommodation is not included in the event price. Car parking is also not included. A separate evening meal will be organised with an additional charge for attending delegates for those wanting to attend the dinner. There is a strict limited capacity of 80 medical practitioner delegates to this event. Registration is for all sessions only; single day or single sessions are not available.
